DESCRIPTION

With the certificate **Europe Dividend Stocks Bonus** investors can obtain a bonus yield of 26% (based on the issue price) at the end of the term (September 2024) if the price of the index EURO STOXX® Select Dividend 30 never declines by 41% or more of its starting value during the observation period. Due to the cap this represents the maximum amount.

If the underlying touches or undercuts the barrier of 59% of the starting value, redemption will be effected according to the performance of the underlying (percent index performance from the starting value to the closing price at the final valuation date). Even if the bonus mechanism is suspended, investors can generate a maximum yield of 26% over five years term.
