POPIS

With the certificate **Oil & Gas Index Plus Bonus**, investors receive a bonus yield of at least 15% at the end of the term if the underlying STOXX® Europe 600 Oil & Gas Price EUR Index quotes above the barrier of 60% of the starting value on the final valuation date. Investors participate at 100% in the price increase of the index beyond the bonus level without profit limitation. In the event of a barrier breach at the end of the term, investors are exposed to the market risk one to one. This means that a substantial loss of capital is possible in this case.

Details on the **STOXX® Europe 600 Oil & Gas index** as well as the current list of index members can be found on the website of the index provider STOXX Ltd.
