| 13 | Description of underlying instrument (cont.) | 2. The weighting of the shares contained in the basket will change during the term of the certificates in accordance with the development of the current market price of the individual share with the number of the relevant share (fixed on 02.07.07 by the issuer) always remaining constant. (This means that if the market price of a share increases more than that of another share, the weighting for the first share shall increase accordingly). |
