DESCRIPTION

The **6.25% Austrian Protect Reverse Convertible Bond 2** is redeemed at 100% nominal value at the maturity date (November 2019), provided that, during the observation period, the closing price of each of the three underlying shares (Erste Group Bank AG, OMV AG and voestalpine AG) always quoted above the **barrier of 55** (daily observation). The interest amount of 6.25% is paid out annually, regardless of the performance of the underlying shares.

In case the barrier is touched or undercut by at least one of the three underlying shares, but all of the underlying shares quote at or above their strike at the final valuation date, the product is redeemed at 100% nominal value.

In case the barrier is touched or undercut by at least one of the underlying shares and at least one of the underlying shares quotes below its strike at the final valuation date, the predefined amount of the worst performing share (percentage performance from the strike to the closing price at the final valuation date) will be delivered. Even if the barrier is touched or undercut, investors do not participate in price increases of the underlyings beyond the strike.

The barrier has been touched by voestalpine AG on Dec. 10, 2018
