#### DESCRIPTION

With the **Europe/USA Strategy 90%** certificate investors participate 1:1 in the outperformance of the EURO STOXX 50® index compared to the S&P 500® index. Hence, the strategy is more important than the direction to which markets will move. Owing to the capital protection of 90%, the risk of a relatively weaker performance of the European stock market compared to the American stock market is limited to 10% of the nominal value.
