DESCRIPTION

With the certificate 4% Europe/Banks Bonus investors obtain an **annual fixed interest rate of 4%** during the two year term. Redemption at the end of the term (April 2020) depends on the performance of the EURO STOXX 50® index and the EURO STOXX® Banks index: the certificate is redeemed at 100% (equivalent to EUR 1,000 per nominal value) provided that the two indices never lose 40% or more of the respective starting value during the observation period.

If at least one of the indices touches or undercuts the barrier of 60% of its starting value (40 % safety buffer), redemption will be effected according to the performance of the worse performing index (percent performance from the starting value to the closing price at the final valuation date). The opportunity for yields is in any case limited by the annual fixed interest rate for 4%. Investors do not participate in price increases of the indices above the starting value.
