DESCRIPTION

The 6% Europe Protect Reverse Convertible Bond 2 is redeemed at 100% nominal value at the maturity date (Oktober 2021), provided that, during the observation period, the closing price of each of the three underlying shares (Anheuser-Busch InBev N.V., Allianz SE and Koninklijke Philips N.V) always quoted above the barrier of 59% of the strike (daily observation). The interest amount of 6% is paid out annually, regardless of the performance of the underlying shares. In case the barrier is touched or undercut by at least one of the underlying shares and at least one of the underlying shares quotes below its strike at the final valuation date, the predefined amount of the worst performing share will be delivered. If all three underlying shares quote at or above their strike at the final valuation date, the product is redeemed at 100% nominal value despite a barrier event.
