Call warrants enable investors to participate with a leverage effect in rising underlying prices. In addition to the performance of the underlying, the volatility of the underlying has substantial influence on the pricing of the warrant.

Warrants provide for above average profit opportunities but bear as well an increased risk to incur a total loss. Thus is particularly important that the investor continuously observes the position.

Underlying	Orange Polska SA
Underlying price (delayed)	PLN 8.51
Underlying date/time	May 21, 2024 15:55:46.132
Strike	PLN 9.00
