#### DESCRIPTION

The certificate **Europe Inflation Bonus&Safety 34** pays an interest rate equal to the inflation rate for the first year. In the second and third year you receive an annual fixed interest rate of 4.75%. Redemption at the end of the term is affected at 100%, provided the underlying always quotes above the barrier of 49% during the term. If the barrier is violated, you are exposed to the market risk on a one-to-one basis and a significant capital loss is possible.
