**DESCRIPTION**

The certificate 4% EURO STOXX 50®/S&P 500® Bonus&Safety is based on two indices of the Eurozone and the US. At the initial valuation date the starting values of each index (respective closing price) and the barriers are determined. During the five-year term investors obtain an annual fixed interest rate of 4% each December.

The index prices are continuously compared to the barrier during the observation period : the certificate is redeemed at 100% of the nominal value provided that neither the EURO STOXX 50® nor the S&P 500® loose 61% or more of their starting value. If one of the indices touches or undercuts the respective barrier, redemption is effected according to the underlying which performs "worst of".
