DESCRIPTION

The **Bank Express 2 certificate** has a predefined maximum term until February 2023 (5 years) and provides the possibility for a yield of 8.5% to 42.5%. The certificate is redeemed at the predefined termination price prior to the maturity date, if the closing price of the underlying EURO STOXX® Banks index quotes at or above the termination level at the respective annual valuation date.

If the index price quotes below the termination level, the term extends to the next valuation date and the possible yield increases by 8.5% of the nominal value. At the end of the term the **barrier of 55% of the index' starting value** represents an additional safety mechanism. If the index quotes below the barrier at the final valuation date the certificate is redeemed according to the performance of the underlying index.
