DESCRIPTION

With the certificate **Europe/Austria Bonus&Safety 3** investors can obtain a bonus yield of 20% (based on the issue price) at the end of the term (July 2024) if the prices of the two indices EURO STOXX 50® and ATX 50® never decline by 51% or more of the respective starting value during the observation period. Due to the cap at 120% this represents the maximum payout. If at least one of the two indices touches or undercuts the barrier of 49% of the starting value, redemption will be effected according to the index performance (percent index performance of the worse performing index from the Initial to the Final Valuation Date). Even if the bonus mechanism is suspended, investors can generate a maximum yield of 20% over five years term.
