#### DESCRIPTION

With the **USD Nasdaq-100® Twin Win** certificate, investors participate 1: 1 in the positive performance of the Nasdaq-100® Index up to a maximum of +35% compared to the starting value. As long as the barrier of 50% of the starting value is not violated during the term, any negative performance at the end of the term will also be converted 1:1 into profit. In the event of a barrier violation by the underlying index, investors are exposed 1:1 to market risk. In this case a substantial loss of capital is possible.
