

# RAIFFEISEN CENTROBANK CONFIRMED CAPITAL MARKET LEADER BY WARSAW STOCK EXCHANGE

The annual award ceremony, summarizing the capital market year 2020, was hosted on March 31, 2021 as a digital event. Raiffeisen Centrobank AG (RCB) was awarded „Capital Market Leader“ in the segment of certificates. This is the fourth time RCB won at the annual WSE award ceremony.

## THE AWARD

Honored by Warsaw Stock Exchange: RCB has managed to successfully and dynamically expand the range of structured products on the Polish market and to continuously develop its product portfolio in Poland.

Raiffeisen Centrobank AG (RCB) continues its great success and is once again awarded for its expertise in the field of structured products. At the awards ceremony as part of the Stock Exchange Year 2020 Summary at the Warsaw Stock Exchange (WSE), RCB has been awarded for the largest number of structured certificates introduced to exchange trading in 2020.

Since entering the Polish market in 2007 with just seven certificates, RCB has expanded its product offering by listing 889 new certificates on WSE in 2020 alone, thus reaching a total of over 1.500 listed products. RCB has been actively promoting the certificates market on the WSE by issuing structured products that match investors' demands and providing transparent information on certificates. Additionally, as market maker, RCB provides liquidity and offers customers the possibility to trade on the secondary market.

Raiffeisen Centrobank wants to thank all those who contributed to this success and helped establishing the bank's pioneering role in the Polish certificate market.
